

Challenge 2: A Get Well Gift

Instructions: Luis's friend, Mia, has just recovered from a serious illness and has been discharged from the hospital. Mia spent several weeks in the hospital and is now at home. Luis wants to buy her a thoughtful gift to lift her spirits and support her recovery. He knows that Mia has been feeling emotionally and physically drained, and he wants to give her something that will promote calm, relaxation, and perhaps a bit of joy during recovery.

Mia enjoys reading, drinking tea, and gardening, but right now she's too weak to engage in anything strenuous. She appreciates natural, organic products and has a minimalistic and soothing style.

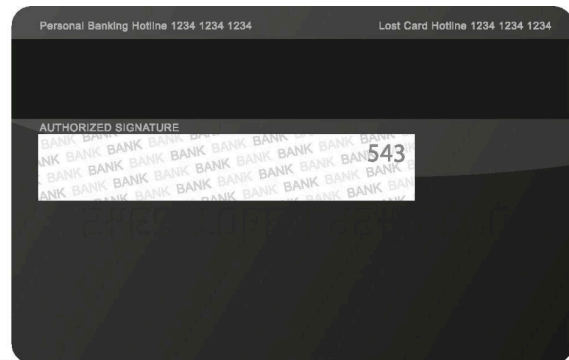

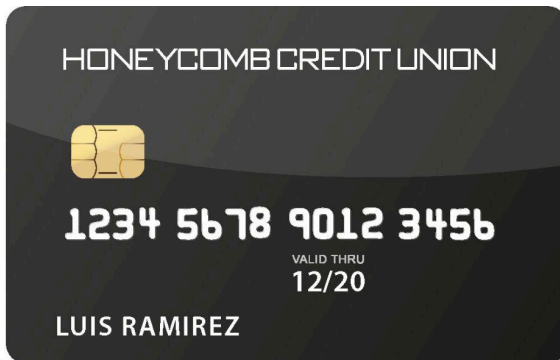

Mia will have to rest for several more weeks, so Luis is looking for a gift for this time. He wants to avoid strong fragrances that could be irritating. He's planning to spend in the \$70 to \$100 range.

- **Carefully consider at least many gift options for Mia in the Wardrobe Hive. Describe why you may rule options out. Read the product descriptions and reviews to make a final choice.**
- **Purchase the gift while staying within budget. You may purchase more than one item.**
- **Be aware of any messages that pop up while shopping and address them as needed.**
